How Do You Apply a Freight Distribution?

Bill Apply - In Bill Apply there is a “Freight Only” expander to help speed up order entry of large freight bills (UPS/FedEx).

Order	Amount	Memo	Ledger	Description
100	\$14.75		143	Prepaid Freight
101	\$8.99		143	Prepaid Freight
102	\$9.57		143	Prepaid Freight
103	\$15.22		143	Prepaid Freight

+ Add Freight

This expander only requires the user to type in the order number and amount to assign to the order. Selecting (enter) when on the previous record automatically adds a new record and moves the cursor down to the next “Order” textbox. This will post the cost to the order the same way adding a ledger line to the order would post.

Order: 103 | Edit | Status: Open | Denver Community Schoc | 4/6/2015 | Best Way

Order	Product/SKU	Description	Vendor	Unit	Quantity	Cost	Per	Cost Total	Bill Quantity	Bill Cost	Applied
103	Mug (DCS)	Mug, 8oz ceramic	AlphaBroader	Each	1	\$3.5000	1	\$3.50	0	\$0.0000	\$0.00

Order 103

Ledger	Description	Memo	Applied
143	Prepaid Freight		\$14.75

+ Add Ledger
