How Do You Change the Budget Amounts that Print on the P/L?

Tammy Mason - 2017-09-18 - in Accounting

## How Do You Change the Budget Amounts that Print on the P/L?

Accounts that print on the Profit and Loss can have an annual budget amount set up. To do this, edit the G/L Account located under accounting, GL Accounts. Edit the G/L number and enter in the budget amount under the Budget tab. You can also use Budget Analysis to globally change budget amounts.
