How Do You Create a Backup Reminder for ASI SmartBooks?

Explanation: A backup reminder can be set for each user when logging into or closing ASI SmartBooks. Assign each User's reminder under the User Manage option.

The image shows a screenshot of the ASI SmartBooks user management interface. At the top, there are fields for 'User Name' (angelak), 'Role' (Administrator), 'Email Address' (angelak@asicomp.com), and a checked 'Active' checkbox. Below these fields is a 'Backup Reminder' dropdown menu with a '(Select)' option. To the left of the dropdown is an 'SMTP Authentication' section with 'User Name' and 'Password' fields. To the right is an 'ESP CRM Login' section with 'Username' (angelakohls) and 'Password' (masked with dots) fields, and a 'Test Login' button.

Click the hyperlink to load the backup feature.
